

We believe value is in the creation of a research community for qualified investigators and trial sites.

The Clinical Trial Collaborative Basic Principal Investigator online course is a FREE training course. We encourage you to enroll whether you are a Member or a Non-Member of the SIO, and from multidisciplinary specialties. The training is not specific to Interventional Oncology, rather to the competencies needed to be a Principal Investigator.

There is no charge for enrollment into the Directory as a Principal Investigator or Sub Investigator and we accept all. There is also no charge to enroll an Institution. Currently, we only accept US and Canadian sites for enrollment.

SIO requires a brief <u>log in process</u> with completed profile information to access the enrollment forms or the online course. Please follow the directions and screenshots listed below and reach out to <u>info@sio-central.org</u> for assistance if needed.

Society of Interventional Oncology (SIO) login

- To access the Clinical Trial Collaborative enrollment forms, we ask for SIO members to log into their membership account. From there navigate to the Clinical Trials Program and use the dropdown for selection. (see the next screenshot)
- If you are not a current SIO Member, we welcome you to create a Non-Member Guest account FREE of annual charges. Select <u>here</u> to create the account and complete the brief profile information. Profile information will pull into the Investigator application. Once complete, navigate to the Clinical Trials Program and use the dropdown for selection. (see the next screenshot)

Investigator Enrollment Form

General Information- The information will be pulled from your SIO Membership profile.

- Please review and correct any inputs if needed.
- Please ensure your Organization and Job Title from your membership profile are correctly input when starting the Investigator application.
- Please ensure that the box to Link to your Organization's Main Address is checked.
- Save Changes to move on to the Investigator Enrollment Application

Investigator Enrollment Application

You will progress through the following 4 sections identified in the left side menu.

As you complete a section, select **Next** to advance.

	SIO Clinical Trial COLLABORATIVE	Clinical Trial COLLABORATIVE Certified Principal Investigators and Sites	
C CETTING	Certified Principal Investigators and Sites	GETTING GETTING COMPENSE COMPENSE COMPENSE	
CONTIGN APPLICATION	Clinical Trial Collaborative - Principal Investigator Compare the information on the pages below to enable the Onical Fair Oniconane Principal Investigator principal	Control of the second sec	
success	Certifications Are you/Off certified?*	-+ CONTINUE	

Select **Continue** to complete the application process and trigger the submission.

Site Enrollment Application

You will progress through the sections identified in the left side menu.

As you complete a section select **Next** to advance.

Please note it is important to use the organization's legal name for identification.

	Clinical Trial COLLABORATIVE Certified Principal Investigators and Sites
<u> </u>	Applicant: SmithBucklin
1 GETTING STARTED	Clinical Trials Collaborative - Investigator Sites
RESEARCH STAFF CAPABILITIES	The following information should be completed by one individual to enroll the clinical trial site into the directory. Principal Investigators will be tied to trial site organizations.
IMAGING CAPABILITIES	
CASE VOLUME	SITE IRB and Trial Support
5 CONFIRM PROCESS DETAILS	Institution Full Legal Name *
REVIEW & CONFIRM APPLICATION	Institution Address *
SUCCESS	

	COLLABORATIVE Certified Principal Investigators and Sites	
	Confirm Process Details	Applicant: SmithBuck
1) GETTING STARTED 2) RESEARCH STAFF CAPABILITIES	There is no payment required for the Clinical Trial Collaborative! Please click next.	
3 IMAGING CAPABILITIES	No payment is due at this time.	
5 CONFIRM PROCESS DETAILS	BACK	NEXT
6 REVIEW & CONFIRM APPLICATION		

On the final screen, you will need to draw your signature then select **Continue** to complete the application to trigger the submission.

Add Missing Information or Update Information

On the navigation bar, you may use the View Applications to add any missing information to an application if needed to Stop/Save/Resume the process.
